## SUMMARY

Results-driven Full Stack Developer and IT student with hands-on experience in building responsive, scalable web applications using HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. Skilled in developing interactive user interfaces, designing RESTful APIs, and integrating front-end and back-end systems for seamless functionality. Adept at applying modern frameworks, optimizing application performance, and delivering intuitive user experiences. Passionate about learning emerging technologies, writing clean and efficient code, and creating solutions that enhance usability and performance.

## EDUCATION

**BE in Information Technology, Trinity College of Engg.**  
*Pune University*

**Expected 2026**  
*Pune, Maharashtra*

**HSC – 63%, Dodamarg Jr. College**  
*Science Stream*

**2022**  
*Dodamarg, Maharashtra*

**SSC – 92.20%, Madhyamik Vidyalay**  
*Sonawal, Maharashtra*

**2020**

## INTERNSHIPS

**Devine Tech Solutions**  
*Web Development Intern*

**Feb 2025**  
*Remote*

- Developed a Resume Builder Web App using the **MERN stack**.
- Implemented responsive UI with **React.js** and **Tailwind CSS**, ensuring cross-device compatibility.
- Integrated authentication and form validation, improving user experience and security.
- Performed testing and debugging to optimize performance and maintainability.

**Codetech IT Solutions**  
*Frontend Development Intern*

**Dec 2024**  
*Remote*

- Created a fully responsive **weather app** using **HTML, CSS, JavaScript, and React**.
- Collaborated with design teams to ensure visually consistent and interactive user experiences.
- Optimized application performance and implemented API integration for real-time weather data.

## PROJECTS

**Spotify Clone – React.js, Node.js, Express.js, MongoDB**

- Developed a full-stack music streaming web app inspired by Spotify, featuring responsive UI and real-time playback.
- Integrated RESTful APIs with Node.js and Express.js, and managed user data using MongoDB.
- Implemented interactive playlists and smooth audio controls for an engaging user experience.

**Personal Portfolio Website – React.js, HTML, CSS, JavaScript**

- Created a modern, responsive portfolio website to showcase projects, skills, and contact information.
- Designed intuitive navigation, smooth animations, and mobile-friendly layouts using React.js and CSS.
- Focused on clean design, accessibility, and performance optimization for better user engagement.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, HTML5, CSS3

**Frameworks/Libraries:** React.js, Node.js, Express.js, Bootstrap, Tailwind CSS

**Databases:** MongoDB, MySQL

**Tools & Technologies:** Git, GitHub, VS Code, Postman, npm, Vite

**Other:** RESTful APIs, Responsive Web Design, Version Control

## CERTIFICATIONS

**Web Development – Apna College:** Covered HTML, CSS, JavaScript.

**Java Programming – Udemy:** Object-Oriented Programming, Data Structures, Exception Handling.
